

TYPHOON SLOWS PLANS FOR OCCUPATION

RUML OFFERS PROGRAM FOR EMPLOYMENT

Original Advocate of Pay-As-You-Go Tax Legislation Suggests Five-Point Bill

NEW SOCIAL SECURITY

Washington, Aug. 24.—(P)—A five-point supplement to the so-called "full employment" bill, including a budget-balancing tax program, was proposed to congress today by Beardsley Ruml, original advocate of pay-as-you-go tax legislation.

Ruml and Tom Clark, attorney general, voiced approval of the job bill's objectives, as witnesses before the senate banking and currency committee.

The pay-as-you-go proponent, chairman of the New York Federal Reserve Bank, laid before the senators these proposals for legislation to strengthen the full employment objectives:

1. Reform of social security financing that "will take the deflation out of social security."
2. "We should have a regular federal policy and program in public works and conservation that will tend to stabilize the construction industry at an appropriate level."
3. "We should work out our federal tax program so that rates will be set to balance the budget at high employment."
4. Federal lending activities at home and abroad should be associated harmoniously in federal fiscal policy.
5. A policy and program should be adopted directed toward maintaining a prosperous agriculture.

Ruml did not go into details of his legislative proposals, but he told the senators "the greater the freedom of the consumer, former business man to make his own decisions as to how he spends or saves his money the nearer will be our approach to true economic democracy under our full employment policies."

Reconversion Tides Ebb And Flow With Railroad Seizure; More Milk, Butter and Cheese

By MAX HALL
Washington, Aug. 24.—(P)—President Truman called in government, business and labor representatives today to discuss a top problem of the reconversion from war to peace—industrial-labor relations. Preparatory to a labor-management conference planned for the fall, Mr. Truman summoned to his desk:

John W. Snyder, director of War Mobilization and Reconversion; Eric Johnston, president of the Chamber of Commerce of the United States; Ira Mosher, head of the National Association of Manufacturers; and William Green of the American Federation of Labor.

The government seized a railroad—just as in wartime.

President Truman ordered government operation of the Illinois Central in order to prevent a strike.

Strangely, the sudden action came at a moment when the president reportedly was preparing to return of other properties seized during the war.

Thus the tides of reconversion rolled in both directions at the same time.

But normal living rolled closer—in several ways. It appeared as though the average American soon would:

1. Get evaporated milk without ration points.
2. Get more butter and cheese.
3. Get a seat on a plane without a priority.
4. Turn his clock back one hour to standard time.

Secretary of Agriculture Anderson said in a radio address last night it should be possible to end rationing of evaporated milk soon. And he predicted an early increase in butter and cheese.

The army is discussing with airline officials a proposal "almost" to eliminate the priority system for air travel. Fewer priorities would mean that more ordinary passengers would have a chance.

Mr. Truman gave the word on possible return to standard time. He said he will ask congress early in September to abolish "war time" and let the states again have exclusive control over the watches and clocks within their borders.

Mr. Truman also ordered all federal workers back on the pre-war 40-hour week. This will happen (Turn to Page Fifteen)

New Red Stamp To Be Good Sept. First

Washington, Aug. 24.—(P)—These red stamps will become good Saturday, Sept. 1, for meats and fats: LI, MI, NI, PI and QI.

They are being validated for the usual period of four months—Sept. 1 through Dec. 31. Each stamp is worth 10 points, making a total of 50.

Invalid after Aug. 31 will be stamps Q2, R2, S2, T2 and U2. What the OPA didn't tell—and won't until next week—is how much meat red stamps will buy in September. All in indications, however, point to reductions in point values.

Disputes Keep 35,000 Idle In the Nation

By the Associated Press
More than 35,000 persons were idle today in 27 labor disputes, some of which developed since the Japanese surrender, others of long standing.

Soviets To Land On Hokkaido Island

By the Associated Press
An official Japanese broadcast asserted today that Moscow had announced intentions of sending airborne troops into the Japanese homeland island of Hokkaido.

The broadcast, in message No. 0 to Gen. MacArthur, said:

"According to a Moscow broadcast, it is reported that the Soviet Union is about to send airborne troops to Hokkaido. Should this report prove true, it would be greatly regretted by the Japanese government, which is doing its best in order to fulfill all your requirements, by placing the army and navy forces and civilians under strict control.

"It is earnestly hoped that the armed forces of the Allied Powers will enter Japan according to the plan, as has been notified by the headquarters of the supreme commander for the Allied Powers."

The message, from Japanese imperial headquarters, was recorded by The Associated Press.

Greenville To Get New Vets' Hospital

Washington, Aug. 24.—(P)—Presidential approval of construction of veterans' hospitals at Greenville, Pa.; Fresno, Calif.; on Mountain, Mich., and Seattle, Wash., was announced today by the Veterans Administration.

The sites, capacity and types of structures included:

Camp Reynolds, Greenville, Pa., 500-bed neuropsychiatric hospital; 713 acres transferred from the war department reservation.

In announcing approval of sites and construction, the Veterans Administration said there was no indication when the structures would be erected.

'U. S. Cupboard Is Getting Mighty Bare' Britains Told

London, Aug. 24.—(P)—Three sitting representatives in congress and British reporters today that the United States "cupboard is getting mighty bare."

The three, Rep. Mundt (R-SD), (Iowa (R-Ohio) and Ryter (D-Fla.), members of the house foreign affairs committee.

A British reporter asked: "Don't you think it was a little rough to the lend-lease shipments so rapidly?"

Mundt, the spokesman, said "No, a war is over."

Mrs. Bolton said she had not in butter in her home for five months, that sugar was hard to get, meat was scarce and fowl almost impossible to obtain in the United States.

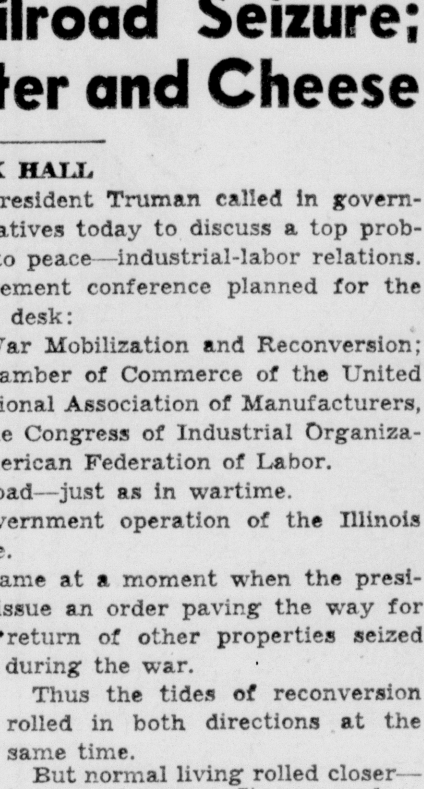

"Where does it all go?" a British reporter asked.

"I wish we knew," Mrs. Bolton replied.

Mundt termed UNRRA "disappointing in performance" and said this of international relations:

"We need to get them more on a parliamentary basis. Previously, they have been on the executive level—presidents, prime ministers and potentates—and all they have harvested is a long succession of wars. We can do no worse."

Ousted From Dining Room

Staff Sergeant James R. Hendrix, of Lepanto, Ark., winner of the Congressional Medal of Honor, is pictured above with his parents, who were asked to leave a swank Washington, D. C., hotel dining room because the elder Hendrix lacked coat and tie. Later they were honor guests at the White House—the father still without coat and tie—when President Truman presented the nation's highest decoration to Sgt. Hendrix and 27 others in the largest mass presentation of its kind in history.

Radioactivity In Hiroshima Taking Mounting Death Toll

By the Associated Press
The Tokyo radio said today that radioactivity in Hiroshima, blasted by an atomic bomb, was taking a mounting death toll weeks after the day of the attack, and that in the 14 days following the raid the death toll had mounted from 30,000 to 60,000.

The broadcast, recorded by The Associated Press, said servicemen working in the area on reconstruction a week after the attack were found to have severely diminished numbers of red and white corpuscles.

Investigations in the city showed "radioactivity caused by the fission of uranium used in the atomic bombs is taking a toll of mounting deaths, and moreover is causing persons engaged in reconstruction work in Hiroshima to suffer from various sicknesses and ill health."

Tokyo broadcasts have been referring repeatedly to the atomic bomb raids on Hiroshima and Nagasaki, possibly in a bid for world sympathy.

The broadcast said:

"Although the war has ended, the spectre of death hangs over the remaining citizens of Hiroshima. In an investigation made three days after the atomic bomb hit Hiroshima it was reported that there were 30,000 dead and 160,000 injured out of a total population of 250,000. Two weeks afterward the death toll had mounted to 60,000 and is continuing to rise.

"The majority of the injured persons received burns from powerful ultra-violet rays from the atomic bombs, and those within a two-kilometer (1 1/4-mile) radius from the center of the bomb explosion received burns two or three times.

(Turn to Page Fifteen)

Assurances Given Vets By Pres. Truman

Washington, Aug. 24.—(P)—Veterans needn't worry that a technically may leave them without any legal right to their former jobs.

That's a promise, and it comes from President Truman.

The chief executive told a news conference yesterday that he intends to see that veterans who want and are entitled to their old jobs get them back. If additional legislation is needed, Mr. Truman said, he will recommend specific changes to congress.

Maj. Gen. Lewis B. Hershey, director of Selective Service, said in Boston Wednesday night that, due to an omission veterans will not be legally entitled to their old jobs when congress or the president declares that hostilities are ended.

Originally a section of the Selective Service law carried a guarantee that a service man who had a job could go back to it if he applied for it within 90 days. It also carried a provision that if the other parts of the Selective Service law were dropped, the job guarantees would continue.

The present law has the same guarantee, unchanged. But it does not contain the provision that these job rights go on no matter what happens to the rest of the act.

That's the point Hershey was making. As it now stands, the announcement of the end of hostilities would end the entire act, including job guarantees.

Stern Measures To Curb Speeding

Harrisburg, Aug. 24.—(P)—Stern punitive measures will be taken to curb reckless driving and compel observance of Pennsylvania's 50-mile speed law, Revenue Secretary David W. Harris, said today.

With wartime restrictions lifted driving has increased heavily," he said. "That was to be expected but there can be no excuse for the sudden appearance of so many careless and reckless drivers on our streets and highways who are responsible for a serious upward trend in death-dealing traffic accidents."

Reminding that Col. C. M. Wilhelm, commissioner of state police, has ordered rigid enforcement of the 50-mile speed limit and other traffic laws, Harris added:

"The department of revenue will support that effort to the utmost by imposing the severest penalties the laws provide. Wartime leniency to speed victory is at an end. Strict enforcement now is in order."

Secret of Stillwell Transfer Revealed

Los Angeles, Aug. 24.—(P)—Gen. Joseph Stilwell was quoted by a congressman as saying he was asked to leave his China command "because he (Stilwell) told Chiang Kai-Shek he wanted the ammunition we were furnishing him to be used against the Japs and not against Chinese."

Rep. Ellis E. Patterson (D-Calif.) told a local Democratic luncheon club yesterday that Stilwell, assigned to the Pacific after leaving China, made the remark to him and other members of the congressional delegation which recently visited Stilwell at Okinawa.

Eisenhower Is Feted In Belfast

Belfast, Aug. 24.—(P)—Gen. Eisenhower said today that the military government of Germany could not be purely negative control and declared the Germans "should be encouraged to build free institutions suitable to their needs."

Speaking at a city hall ceremony in which he accepted the freedom of Belfast, the wartime Allied supreme commander praised the British because, he said, they "historically have been vigilant of their ancient liberty."

The lord mayor of Belfast, Sir Crawford McCullagh, in presenting to Eisenhower a silver casket containing his certificate of election as a freeman of Belfast, told him:

"No general ever shouldered greater responsibility, but due to the raise and vision of your plans and their brilliant execution, victory in Europe was secured much sooner than the most optimistic could have expected."

An honorary degree of doctor of laws was presented Eisenhower by the Queen's University.

Two Held In Erie County Murder Case

Erie, Aug. 24.—(P)—Alderman William F. Heiser held Robert W. Pepperman, 29, and John D. West, 27, for grand jury action on murder charges today at a preliminary hearing in which a bedroom slipper was introduced as the possible instrument with which they are alleged to have killed Joseph B. Campbell, Erie industrialist.

After the hearing, District Attorney Burton Laub said he would take the case before the Erie county grand jury Monday and, if true bills are returned, to ask trial Sept. 10.

The prisoners were remanded to jail.

A witness was Mrs. Robert S. Van Cleave, the socially prominent daughter of Campbell, who related finding the battered bruised body in the kitchen of his home.

Pepperman and West were represented by a court appointed attorney, Elmer D. Loose, who entered a formal plea of innocent for the defendants.

The two men were arrested this week in Williamsport where state police charged they made statements that they struck Campbell with a bedroom slipper, and fled in his car but that they did not know he was dead.

State Police Sgt. Willard Schauer read the statement alleged to have been signed by West, and Police Pvt. William Fink of Williamsport read one allegedly signed by Pepperman at Williamsport.

Corp. John Mehallick of the state police testified the Campbell garage had been forced open by someone apparently with a screw-driver, and the car stolen.

Quotas On Autos Removed By WPB

Washington, Aug. 24.—(P)—The War Production Board today removed all quotas on the production of passenger cars, leaving the industry free to make as many as capacity permits.

The new cars now beginning to come off assembly lines cannot be equipped with spare tire, WPB ruled.

Previously, an order prohibited the production of passenger cars except as authorized under a quota system.

Control of the fifth, "spare tire," will be handled by the Office of Price Administration. An early decision by that agency is forecast. In the meantime, WPB has continued in effect an order prohibiting the fifth tire and this will remain in effect until OPA acts.

No Postponement Of Landing Next Tuesday Expected

Homeland Broadcast States That Storm Has Destroyed 291 Houses and Partially Wrecked and Flooded Over 3,000 Others

MacARTHUR BOMBARDED WITH RADIOGRAMS

BULLETINS
Manila, Aug. 24.—(P)—General MacArthur announced today that an advanced occupation party would land in Japan Sunday to prepare the way for the main forces which will arrive two days later.

London, Aug. 24.—(P)—Soviet troops continued their drive in Korea today, following the conquest of Manchuria, and occupied two ports half way down the Korean peninsula, the Soviet communiqué announced.

Manila, Aug. 24.—(P)—Japan told General MacArthur today that a typhoon has interfered with preparations for Allied occupation by snarling Tokyo communications and transportation—but made no direct request for postponement of Tuesday's scheduled air and seaborne landings.

The storm—a homeland broadcast listed 291 houses destroyed, 780 partially wrecked and 3,336 flooded—created "some difficulties" in executing MacArthur's directives, Tokyo radioed the supreme commander of the Allied powers. The homeland broadcast said service on several railway and street car lines in Tokyo was interrupted.

(In San Francisco, the Associated Press reported that Japan's imperial headquarters and government in a joint communique today revealed Allied airborne troops will land at Kanoye airfield in southern Kyushu September 1. Another group of "considerable size" will land September 2 at the same airfield and at Takasu, northwest of Kanoye, Domet Agency said.

(The broadcast, recorded by the FCC, was in the Japanese language.

It was the first official announcement of the fields and landing dates specified in plans for the occupation of Kyushu, southernmost of Japan's principal home islands.

(Seaborne as well as airborne troops will participate in the Sept. 2 landings at Takasu west of Kanoye, the broadcast said.)

The typhoon report was one of a series of radiograms with which Tokyo bombarded MacArthur today. Another complained that Japanese were being shot, looted and raped "in certain localities" of Manchuria, inner Mongolia and (Turn to Page Fifteen)

Sneak Attack Damages the Pennsylvania

By ROBERT MYERS
Guam, Aug. 24.—(P)—The luck of the U. S. S. Pennsylvania, which carried through a 20-year career encompassing two World Wars, ran out in the final hours of the present conflict as a Japanese torpedo bomber pressed home a sneak attack, blasting a gaping hole in the ship's side and leaving 20 men killed or missing.

The Japanese plane swept in low, catching the 33,100-ton vessel "luckiest battle wagon of the fleet," unawares on the night of Aug. 12, while surrender negotiations already were under way, the navy permitted to be disclosed today.

Vice Adm. Jesse B. Oldendorf, commander of battleships of the Pacific fleet, was aboard at the time of the attack. He was jarred and Capt. William Moses, the "Pennsy's" skipper, was knocked from his chair.

Fleet workshops, which pulled alongside within 30 minutes after the attack, worked so desperately and so successfully to save the ship that it will sail again with the fleet.

The release, which supplemented the previous navy announcement that a "major fleet unit" was damaged by attack in Buckner Bay, Okinawa, the night of Aug. 12, did not give details of the damage suffered by the "Pennsy," nor indicate the closeness of the battle to save the veteran fighter.

Applications Received For Public Works

Harrisburg, Aug. 25.—(P)—Inquiries are being received by the Pennsylvania Post War Planning Commission from communities throughout the state concerning the amount of employment public works projects, it was learned today.

"Applications should be swarming in here in the very near future," a commission spokesman said.

All will be filed away until Oct. 1 to give every community "an equal break" when allocations are approved by the commission on the basis of the amount of employment any project promises, how necessary it is and whether the applying communities can finance construction.

"The help we can give," he explained, "extends only to planning."

The fund was appropriated by the 1945 legislature with the provision that it be distributed ratably among 67 counties on a population basis, or about 10 cents per capita in any county.

Where no allocations are approved for any county, the spokesman added, that county's share will remain unexpended.

Give Command To Cease Hostilities

Manila, Aug. 24.—(P)—The Japanese emperor has issued commands for the cessation of all hostilities in Manchuria, Sakhalin and other areas where Japanese forces are in direct contact with the Allies.

General MacArthur's headquarters was informed by Tokyo radio today.

"Orders have been issued to cease hostilities as soon as local negotiations are concluded, without waiting until the date of cessation prescribed in the imperial command," the message, No. 37 in the series addressed to MacArthur explained.

"Generally speaking, the cessation of hostilities is in fair progress" everywhere, the message concluded. It blamed "unwarranted attack of some of the forces under Allied control" for continuation of the fighting in some parts of Asia.

LEND-LEASE TERMINATION IRKS BRITAIN

Prime Minister Attlee Tells Commons Sudden End of Plan Leaves Nation In Bad Position

HALIFAX MAY RETURN

By W. W. MERCHER
London, Aug. 24.—(P)—Prime Minister Attlee told commons today the sudden end of lend-lease put Britain "in a very serious financial position," and former Prime Minister Churchill said he could not believe that "this was the last word of the United States."

Attlee told the British government had hoped that lend-lease would not have ended without prior consultation.

In response, Churchill, now leader of the opposition, declared he could not believe the United States "would proceed in such a rough and harsh manner as to hamper a faithful ally who held the fort while their own American armaments were prepared."

Attlee cautioned members of the house to exercise "utmost restraint" within and without the chamber in commenting on the situation, and Churchill agreed that a debate now might be detrimental to national interests. Churchill called Attlee's statement "very grave and disquieting."

The prime minister disclosed that Lord Halifax, British ambassador to the United States during the wartime coalition government, had been invited to return to Washington to negotiate the financial arrangement which will succeed lend-lease.

Attlee said President Truman's directive cancelled all outstanding lend-lease contracts and provided that stocks and deliveries procured under it must now be paid either in cash or negotiated credit arrangements.

"We had not anticipated that operations under the lend-lease act would continue for any length of time after the defeat of Japan," he said, "but we have hoped the sudden cessation of this great mutual effort would not have been effected without consultation and prior discussions."

The prime minister said Britain's "overseas outgoings" on the eve of Japanese defeat were equivalent to an annual expenditure of about eight million dollars, including essential food and other munitions supplies "which we must now pay for."

Winston Churchill, opposition leader, exclaimed in response to Attlee: "I cannot believe that this is the last word of the United States. I cannot believe that so great a nation, whose lend-lease policy was characterized by me as the most unselfish act in the history of the world, would proceed in such a rough and harsh (Turn to Page Fifteen)

No Interference In Franco Regime Red Flag Is Flying Over Manchuria

Washington, Aug. 24.—(P)—The President Truman doesn't like General Franco but the Spanish dictator's regime will suffer no interference at the hands of the United States.

This attitude was expressed by Mr. Truman yesterday when he was asked at his news conference what he thought of the recent remarks of Britain's Foreign Minister Bevin regarding the Spanish leader.

Bevin had told the house of commons that Britain would take a "favorable view" if the people of Spain took steps to change their government but that Britain was "not prepared to take any step which would permit or encourage civil war in that country."

Stating bluntly that none of us likes General Franco, Mr. Truman endorsed Bevin's remarks.

Moscow, Aug. 24.—(P)—The Red flag is flying today over all of Manchuria, Sakhalin, Korea and two of the Kurile islands, marking an end of Russia's two-week war with Japan.

Premier Stalin formerly proclaimed complete victory over the Japanese last night. The Soviet capital shook with a salute of 24 salvos of 24 guns.

Stalin's order of the day, first since the start of the lightning conflict on Aug. 9, disclosed that the two north Kurile islands of Shumisho and Paramushiro had been occupied by Russian troops and that the occupation of Manchuria was complete.

Many participating Russian units have been named after places where they fought, such as "Port Artursky," "Mudensky," "Kurlisky," and "Harbinsky."

The project would include a 17-mile long reservoir in the Conemaugh river and Blacklick creek valleys of Indiana county and Westmoreland counties.

Pittsburgh C. of C. Is For Reviving Flood Control Plan

Pittsburgh, Aug. 24.—(P)—The Chamber of Commerce today came out for quick resumption of western Pennsylvania's flood control program, interrupted by the war, urging that appropriations for the Conemaugh dam near Tunnelton, be provided in the next flood control bill.

The chamber sent letters to the two Pennsylvania senators, and a dozen tri-state congressmen, declaring the importance of the Conemaugh project "entitles it to priority in a federal works program."

Capt. William B. Rogers, chairman of the chamber's flood control committee, declared in a statement:

"The Conemaugh dam is the most important item of our flood prevention program for Pittsburgh. It has been approved by United States army engineers, the complete plans are ready, all the engineering details have been worked out, the parties whose property will have to be expropriated have given their consent.

"All that is needed now is for congress to appropriate for this sum total cost of the Conemaugh dam is estimated at \$30,000,000, but since the work will be spread over three or four years it is not necessary to appropriate all this sum at once."

The project would include a 17-mile long reservoir in the Conemaugh river and Blacklick creek valleys of Indiana county and Westmoreland counties.

BRUSH FIRE

Firemen were called to Spring street yesterday afternoon at 2:40 where brush was on fire. The fire was extinguished without loss.

CEMETERY MEETING

A meeting of the trustees of St. Joseph's Cemetery Association will be held Tuesday evening, August 28.

IMPORTANT MEETING

There will be an important meeting of the officers and teachers of the First Presbyterian church school at 7:15 p. m. Monday, August 27, at the church.

HAD QUIET NIGHT

Warren's police had one of the most quiet nights last night that they have had in months. There were no accidents, no arrests and the docket this morning was guiltless of entries.

VET MEMORIAL COMMITTEE

President E. W. Johnson of the Warren Chamber of Commerce has announced that the Veterans' Memorial committee has been named as follows: John H. Stewart, Merle H. Deardorff and W. E. Yeager.

DISTRIBUTE TROUT

The Brokenstraw Fish and Gun Club has been notified that it will receive sixty cans of fingerling trout, which will be distributed by club members on Monday. The group will leave the Youngsville post office at noon Monday.

AERO SUPPLY PICNIC

Many in this section will be interested to learn that the "4 to 12" shift at the Aero Supply plant in Corry has planned a picnic at Mitchell Grove at West Spring Creek tomorrow. All attending are asked to bring a picnic lunch and their own table service.

SECOND AMPUTATION

James Jackson, of Clarendon, underwent a leg amputation at Hiram Hospital on Tuesday of this week, said to be the result of an accident which occurred at Struthers-Wells four years ago, when he had his left arm amputated.

PLAYER INJURED

Joe Lopez, 14, of Warren RD 2, was injured on Thursday while playing football, and will return to Warren General Hospital today for x-rays of a possible fractured left clavicle. He was given emergency treatment on Thursday with the injury strapped and his arm placed in a sling.

ROTARY SPEAKER

The program for Monday's luncheon-meeting of the Rotary Club, scheduled at 12:15 at the YWCA activities building, will be in charge of Marshall Anderson, who will present as guest speaker Neal Gibson, of Sylvania Electric Products, Inc., at Emporium. His topic will be "The Four Way Test."

FIREMEN TOUR PLANT

Under the direction of Fire Chief Albaugh and men of the United Refinery one crew of firemen was taken through the refinery yesterday and the other crew toured the plant today. This was done in an effort to familiarize the firemen with the refining plant and the strategic spots where apparatus may be placed for battling fires that might break out.

PICNIC IS CANCELLED

At a meeting held last evening the committee in charge of the annual picnic of the Marconi Club decided that in view of some unforeseen circumstances that have

Former Local Nurse Writes From Aboard Hospital Ship

Many Warren friends will be interested in a letter received by Mrs. Beulah Cook, 117 Main avenue, from Lt. Grace Sorensen, former Warren General Hospital nurse and, at the time of writing, on a hospital ship at Cherbourg. She says in part:

"This is our second voyage. Last trip was to Southampton, England. Both trips have been smooth sailing and everything ideal for a cruise pleasure instead of duty. The hospital ships are places where nurses don't loaf, by any means. There is always plenty of bedside nursing, administrative work, supervising, cleaning and all that goes in with army life. We work 12-hour shifts. The day nurses are given one hour off sometime during the day if possible.

"The patients from the ETO are in good shape now compared to what they were before and soon after V-E Day. When we reach the Pacific we'll have much more work as the patients will be more recently wounded and undoubtedly in poorer health. Every fracture is placed in a cast for transportation, whether needed otherwise or not. We have severe injuries and old fractures in casts, also, unless they are completely healed with no possibility of impairing healing processes. Naturally, most cases are surgical, including fractures, grafting, orthopedics, neuro-surgery, etc., also frost bites. Most of our medical cases so far are rheumatic and arthritic cases. There are quite a number of nephritis and cardiac cases. Considering all things, they are in good condition. As you find in all hospitals, there are all kinds of cases and of all degrees.

"Now for the less serious side of ship life. Our meals are excellent and we have a lunch of sandwiches and coffee in the evening. Of course, the more we have to eat, the higher our mess bills are, but we don't complain—we like to eat. There is a PX aboard where we can buy candy, cigarettes, cakes and incidentals. We have a sun deck where we can sun bathe providing it's not too cold, which is more than half the time in Atlantic waters. Usually we wear heavy jackets over our woolen slacks and shirts. The chapel is small, but a good one. There are three chaplains aboard. Protestant, Hebrew and Catholic. Every evening there are movies on deck. We have a lounge where we can play music

and sing, play games and have a little social life.

"Saturday and yesterday we toured Cherbourg and several bombed cities. We also visited the monastery St. Mont Michael and saw the dungeons and heaps of skeletons and weird places. Those old castles were surely ideal for crimes. Saturday night we visited the Ordinance and there I met Sgt. Jim Shawkey, of Warren.

"Time passes and I must go to work. Our patients come aboard today. Give my regards to the other nurses. I haven't forgotten them, but can't keep up with letters."

Helps Astoria Win Revenge

From aboard the USS Astoria in the Pacific comes the following delayed dispatch which will be of interest to many relatives and friends of the young sailor mentioned:

Robert E. Betts, seaman first class, USNR, son of Mr. and Mrs. Frank L. Betts, of Warren, has helped this light cruiser avenge her namesake—a heavy cruiser which was sunk by the Japs off Guadalcanal in 1942.

Since she entered the Jap waters eight months ago, this ship has been in the thick of action at Iwo Jima and Okinawa, in the North China Sea and off the coast of Tokyo itself. Operating with a fast carrier task force under Admiral Halsey, she has succeeded in knocking 13 Jap planes out of the air and hitting numerous others. Pilots of this ship's two Kingfisher type seaplanes have fished seven carrier-based airmen from the sea, finding them on rescue search missions and accomplishing some of the rescues within shouting distance of the enemy shore.

The Astoria was part of the naval task force which made the initial strike on the Tokyo area. In another operation, she and a task force sailed continuously for 80 days, making intermittent strikes against the enemy and setting a record for the length of time any sizeable task force has been continuously under way.

Bronze Star Awarded To Corry Soldier

Headquarters of the 84th Infantry Division of the 7th Army, located at Heidelberg, Germany, reports that Pfc. Lauren O. Shreve of Corry, graduate of Warren High School and member of the local Moose Lodge, has been awarded the Bronze Star Medal for heroic achievement during military operations against the enemy.

The citation accompanying the decoration indicates that "on April 7, 1945, Company C, 335th Infantry, was in the vicinity of Leubbeck, Germany. The Germans made a counter-attack, using three self-propelled guns and approximately 80 infantrymen. A group of the enemy worked up to and into the house next to the company command post. The enemy was ordered to surrender but refused. Pfc. Shreve, in utter disregard for his own personal safety, voluntarily approached the house and fired several shots into it. As a result of his act, one German officer and 24 enlisted men surrendered. The courage, initiative and devotion to duty of Pfc. Shreve are a credit to himself and his organization."

Pfc. Shreve took part in the Railspitters' Roer River crossing and the breakthrough to the Rhine, the Weser River crossing and the drive to the Elbe River to link up with the Russians.

In addition to the Bronze Star Medal, he holds the Purple Heart for wounds sustained in the German campaign.

Word is received today from Chatham Field, Savannah, Ga., that Pvt. James P. Eaton, son of Mrs. Nora Eaton, 21 Linwood street, has been promoted to the grade of private first class. Pfc. Eaton is serving as an aviation mechanic at Chatham.

Robert Betts, seaman second class, has completed boot training at Sampson, N. Y., and is home on seven-day leave with his parents, Mr. and Mrs. George Betts, 114 Fourth avenue.

IN LONDON
Headquarters of the United Kingdom Base in London reports that Pfc. Nick A. Pirillo, 24, son of Mr. and Mrs. Charles Pirillo, 831 West Fifth avenue, was among recent arrivals in London from the continent. V-E Day brought with it a liberal furlough policy for soldiers in the European theatre, according to the dispatch, and many are spending their leaves in England, Scotland, Wales and Ireland, staying either at private homes or at Red Cross service clubs.

Sgt. Edward J. Szarowicz, on furlough from Fairbanks, Alaska, to visit his family in Jamestown, was in town yesterday to visit with old friends.

Pvt. Charles Hefner, of Hartford, Conn., home after 15 months overseas duty in Europe, is visiting at the home of Miss Ella Cochener, 412 West Fifth avenue.

Lt. L. J. Smith and wife, of Detroit, are guests of the former's brother, R. H. Smith, 509 Fourth avenue. Lt. Smith is only recently home after two years in England and on the continent.

Pvt. Everett E. Carlson, stationed at Sheppard Field, Texas, is home on 15-day furlough with his family, 108 Pennsylvania avenue, west, and with friends.

Riggs Is Cook On Destroyer

Franklin A. Riggs, 27, cook second class, USNR, recently reported aboard a destroyer in the western Pacific, serving as a member of the galley force.

Riggs originally enlisted in the Seabees and was stationed at Camp Perry, Va., for a year. He has now been overseas for three months. His ship has been in action against the enemy in every theatre of the Pacific from Pearl Harbor, through the Aleutian, to the Philippines. She is officially credited with shooting down four enemy planes and destroying a Japanese submarine.

Cook Riggs was employed at the Lewis Market before his enlistment in October, 1943. Prior to that he was graduated from Warren High School class of 1936, and attended Hoff Business College. His wife, Irene Loree Riggs, lives at 3 Franklin street, and his parents, Mr. and Mrs. S. W. Riggs, at 402 Pennsylvania avenue, east. His brother, Wilbur, is a staff sergeant in Europe and holds the Bronze Star Medal.

TO BE REASSIGNED

Pfc. Harold LeRoy Stephenson, 26, of 619 East street, husband of Betty Stephenson and son of Elery Stephenson, has recently returned from the European theatre where he served 20 months as company runner, and is temporarily stationed at Atlantic City, N. J., while awaiting reassignment. He wears the European-African-Middle Eastern campaign ribbon, the Good Conduct Medal, American Defense Medal and the Combat Infantryman's Badge.

TWO PROMOTIONS

Mr. and Mrs. Alva Seymour, 127 Russell street, have had telephone calls from their two sons, Harold, at Asheville, N. C., telling of his promotion to staff sergeant, and Merle, at Camp Swift, Texas, saying that he had been promoted to corporal.

IS IN INDIA

Mr. and Mrs. John P. Brown, of Akeley, have received word from their son, T/G William A. Brown, that he has arrived safely overseas and is located in India.

GETS PROMOTION

Marcey Bednez, of Clarendon, has had word that his son, Sgt. Edmund J. Bednez, has been promoted to staff sergeant. He is stationed at Rheims, France, and has been overseas for 26 months. He writes that he expects to arrive back in the States soon. Two other sons, Pfc. Joseph L. and Pvt. Cashmir A., are stationed in the Philippine Islands.

TYPHOON SURVIVOR

Earl J. Currie, quartermaster third class, aboard the heavy cruiser Pittsburgh when its entire bow was ripped out in the typhoon near the Ryukyus on June 5, is visiting in Sheffield with his wife and daughter. He came home from Seattle, Wash., and plans to return there at the conclusion of a 15-day leave.

GIVEN FURLONGS

Local soldiers processed at Indiantown Gap Wednesday and given furloughs prior to reassignment were Pfc. Robert E. Bower, Pittsfield, and Pfc. Carl W. Eckert, Sugar Grove RD 3.

ANOTHER BATTLE HAS BEGUN

To tens of millions the world's worst war is over. Thanks to the heroic and faithful efforts of the members of our armed forces, those of us in the United States were spared much of the horror and suffering visited upon the inhabitants of many other lands.

But there is another battle that has just begun: that of picking up the pieces of a shattered world and fashioning a new and brighter one.

Among the agencies that will necessarily be in the vanguard of the rebuilding process is the American Red Cross. V-J Day found handpicked representatives of that organization scattered throughout the world—wherever American servicemen were to be found—ministering to the welfare of the greatest United States military and naval force ever mustered. These men and women who were the emblem of the world's greatest humanitarian organization must and will remain on the job as long as the American soldier, sailor, or marine needs them.

The end of the war necessitated wholesale shifting of effort of the American Red Cross on the home front. Just as V-J Day has brought special problems of occupation to warring forces, so it brings readjustment problems on the home front that vitally affect such agencies as the Red Cross.

Millions of families must be helped in their readjustments. Millions of veterans will return to their homes in need of guidance. The long-range hospital program under which the Red Cross will provide medical social service and recreation for hospitalized soldiers and sailors will need trained workers for years to come.

Overseas there will be calls on America for assistance in the return to peaceful ways of life, because the world in peace will look to America for leadership, just as it did in war. Through the coming years, as in the past, the American Red Cross must continue its service of ministering to the sufferers of natural disaster, wherever they may be.

There is still another phase of Red Cross service too often overlooked in times of stress. That is the American Junior Red Cross movement. Upon the next generation will fall the task of keeping alive the humanitarian principles that characterize the Red Cross. Civilization cannot afford to let any nation permit its children to become imbued with a passion for war. What better organization exists to work toward this end than the Junior Red Cross?

Thus the American Red Cross looks to its job ahead, a job that calls for the best brains and leadership in every one of the 3,757 chapters of this mighty nation.

WILL BIG THREE INTERVENE IN CHINA?

China's incipient civil war, in the opinion of DeWitt MacKenzie, Associated Press foreign analyst, raises the harsh question of whether our conflict-weary world finally is managing to clamber out of the frying-pan only to tumble into the fire.

This long-standing and bloody quarrel between the Chinese Communists and Generalissimo Chiang Kai-Shek's Kuomintang government has suddenly flamed up again into white heat to become one of the great threats to world peace.

Yesterday from Chungking came the grim report that the Communists in north and central China had "gathered their strength for an all-out offensive." We get some easement today in the statement from official Communist sources in Chungking that Communist Leader Mao Tse-Tung has accepted Chiang Kai-Shek's invitation to send a representative to the capital to discuss a peaceful settlement of the trouble. General Chou En-Lai, a man of great capabilities, has been selected as the Red representative.

Fratricidal war in that huge nation of some 500,000,000—close to a quarter of the globe's population—would present appalling dangers. So it is encouraging to read Hanson W. Baldwin's Washington dispatch to the New York Times, stating that Britain, Russia and the United States will undertake joint political action to avert this catastrophe. From today's development one wonders if they haven't already made representations.

The season for Sunday evening community worship at the Beatty building is fast coming to a close. This weekend the speaker will be the Rev. P. Elmer Landerdahl, Bethlehem Congregational church preacher, with his choir furnishing the musical inspiration. The Salvation Army band will play a sacred concert at 7:15 o'clock, which will be a pleasing feature of the evening.

Will Recruit Men Here For Merchant Ship

While the end of the war has eased the pressure on many war-time industries, it has brought new tasks to the American Merchant Marine, the Recruitment and Manning Organization of War Shipping Administration announced in connection with the opening of a recruitment drive in Warren on August 30.

Henry C. Stanczak, area director of the War Manpower Commission, who is cooperating with the RMO in this campaign, stated that, "Millions of men in the armed forces are now scattered around the world. They all fought valiantly and victoriously so that when this war was won they could return speedily to their homes and loved ones."

"Men of the Merchant Marine carried these G. I.'s to their battle stations," Mr. Stanczak said. "Their responsibility does not end until they have brought them safely home. It may take as much as 12 months to accomplish this stage, requiring transportation job. It will mean the utilization of every American merchant ship, and the services of thousands of experienced seamen still ashore."

Craig S. Vincent, Atlantic Coast representative of RMO, said, "Not only have we undertaken to return invasion-weary servicemen as quickly as possible, but we must also sustain troops until they can be returned, carry supplies to occupation forces and transport rehabilitation goods throughout the world."

"To do these jobs," Mr. Vincent said, "The Merchant Marine continues to need qualified experienced seamen, and firemen-water-tenders. In the stewards department, cooks, butchers, bakers and experienced messmen are urgently needed."

Mr. Vincent also explained, "The Merchant Marine offers the opportunity for a long-range permanent career in a great peace-time Merchant Marine. The great needs of the destitute areas throughout the world and the resumption of normal trade make it essential that we maintain an adequate Merchant Marine fleet."

Herman Rosen, of the New York regional office of RMO, will be at the U. S. E. S. office at Warren on August 30 and 31, to interview men who will volunteer for the Merchant Marine's new assignments.

Qualified men will be referred for assignment to the Philadelphia port office of the RMO, 16 Chestnut Street, where Samuel J. Sproule is port representative.

The smallest boat in the U. S. Navy is a nine-foot dinghy.

KANE BANK TELLER TO MOVE TO WARREN

Announcement was made today of the resignation of Clyde J. Park, teller of the Kane Bank and Trust company for the past five years.

Mr. Park is planning to return to Warren in the near future to go into the automobile business.

Mr. and Mrs. Park have resided in Kane on Biddle street and will take up residence at 14 East St. Clair street, Warren.

Lt. Hurd Dean At Allegheny College Now

Meadville, Pa., Aug. 24—Appointment of Lt. Cuthbert C. Hurd as dean of Allegheny College was announced today by Dr. John Ritchie Schultz, college president.

Lieutenant Hurd, who will assume his duties at Allegheny on September 1, has served for the past three years as educational officer at the United States Coast Guard Academy, New London, Conn. He was released by the service last Sunday.

Prior to entering the coast guard in 1942, Lieutenant Hurd was a member of the faculty of the Michigan State College, Lansing, Mich., in the mathematics department.

Lt. Cuthbert C. Hurd

He is the author of several research articles in the field of mathematics and co-author of the book, "Mathematics for Mariners."

A graduate of Drake University in 1932, he received his master's degree from Iowa State College and the degree of doctor of philosophy from the University of Illinois.

Announcing the appointment, Allegheny's President Schultz cited Lieutenant Hurd's three-year service at the coast guard's "West Point" and said "he will bring a first-hand knowledge of the returning veterans and can give effective help in planning with them for their postwar future."

The new Allegheny dean is a native of Estherville, Iowa. His appointment completes a three-fold plan of administrative reorganization launched by Allegheny's board of trustees last fall.

Committees To Canvass Memorial Plan

E. W. Johnson, president of the Chamber of Commerce, announced today the appointment of a committee to work with a similar committee from Warren Borough council to discuss plans for the proposed recreation field as a war memorial.

Attorney John Stewart, M. H. Deardorff and W. E. Yeager comprise the chamber of commerce committee which will meet within the next few days with council's committee which is composed of Roy Krebs, chairman, William Rice and J. A. Carlson.

It is expected that these men will go over the entire situation, in regard to the scope of such a recreation field and will endeavor to formulate the procedure of providing Warren with the facilities which it has been lacking for so long.

Since the last meeting of council when the committee was instructed to confer with chamber of commerce representatives, great interest has been expressed by many Warren citizens who are anxious to see this community provided with an athletic field, swimming pool and related facilities.

State Police Checking Cars On Ohio Registration List

State Police officers at the Warren sub-station today were making progress in the elimination search for the driver of the car which killed B. N. Rayburn near Torpedo last Friday afternoon.

Late yesterday the officers received from Columbus, O., a list of the Ohio license registrations of which the digits "18" were the first two numbers and they went to work immediately to check off all such cars which were listed as Dodge machines. Owners of those license plates are being thoroughly investigated and their cars checked over. The Warren authorities sent out a number of inquiries to Ohio authorities last night to investigate certain cars shown on the lists and the balance will be telegraphed today.

The Warren officers are certain that it was a 1939 Dodge, painted a light green, which struck and killed the aged man and they expect that the check-up now underway from the Ohio state registration lists will result in identification and arrest of the hit-run driver within a matter of hours, or days at the most.

Complete and detailed data on the fatality has been carefully prepared by the State Police, Sheriff Linder, of Warren, and District Attorney Joseph Goldstein, in anticipation of a prompt and complete prosecution of the case.

Heavy Loss Reported From Barn Fire At Spring Creek

A fire loss which will run into several thousand dollars was suffered Thursday morning when the large barn on the Joseph Polony farm, on Mickle Hill, six miles from Spring Creek, was destroyed by fire of unknown origin.

A milk house and a tool shed were also consumed by the flames but volunteers succeeded in preventing the fire from spreading to the family home or to the home of a neighbor located directly across the road. The blaze broke out at 9:30 o'clock.

Threshing had been done at the farm on Wednesday and a huge stack of straw just outside the large barn appeared to take fire first. There is a possibility that this was started from the backfire of a tractor which had been converted from an old car but the definite cause is not known. The large barn, all of its hay and other contents and a large amount of equipment was destroyed by the flames which also consumed the milk house and tool shed and their contents.

Members of the family lost no time in getting a hose line working from the electric pumping system with which the farm was equipped and the dwelling roof was kept well wet down as flying embers threatened to set the structure ablaze. With the help of neighbors and others who rushed to the scene, both houses were saved.

WEDNESDAY, 10:00 P. M.

IT'S AN AMERICAN BROADCASTING CO. PROGRAM

Relief Efforts of Y. M. C. A. Earn Praise From Officials

Recent return from German prison camps of thousands of downed American airmen in "fine mental and physical condition" was due largely to the relief efforts of the Y. M. C. A., according to statements just released.

Statements made by General H. H. Arnold and nine senior Army Air Forces officers, among them Lt. Col. Francis S. Gabreski of Oil City.

The statements were transmitted to Eugene E. Barnett, general secretary of the National Council of the Y. M. C. A. by the commanding general of the A. A. F. Gen. Arnold, who forwarded the letter which had been written to him by the nine officers, all of whom had been prisoners of war in Germany.

The report commends neutral "Y" representatives for frequently risking their lives to get recreational, religious and educational materials to the prison compounds. It also cites them for their aid during the long treks of prisoners from January, 1945, until the end of the war, over which period "they used every means available at hand to furnish shoes and other necessities to the prisoners on the march."

In his accompanying letter, General Arnold says:

"The exceptional religious, recreational, educational and other facilities furnished the Allied prisoners of war by your organization assisted considerably in alleviating the burdens of the prisoners. It would be difficult, if not impossible, to estimate the true value and importance of this noteworthy undertaking." In describing the character of the barbed-wire relief work of the War Prisoners' Aid of the Y. M. C. A., the nine airmen stressed the "Y" representatives had been among their closest links with the outside world.

"The Y. M. C. A. representative," they stated, "was a most frequent visitor to all camps, bringing with him messages from next of kin and taking out messages from the prisoners to be sent to next of kin. Whenever it was possible for a representative to perform personal service for the prisoners of war and permission could be gained from the German authorities, this was done." In telling of the way the "Y" representatives held to the Geneva Convention, the officials said they "scrupulously held to the high ideals and principles always demonstrated by this fine organization."

The officers pointed out that virtually all the religious, recreational and educational facilities received at the prison compounds came from the Y. M. C. A. Included were all necessary equipment for conducting religious activities in the camps, complete supplies for almost all sports, plays, theatre equipment, musical instruments for complete orchestras; and all necessary books and school equipment to run complete schools. A comprehensive program of education was carried on, and many colleges and universities in this country have signified their intention of recognizing the certificates awarded.

In concluding their tribute the officers declared:

We cannot commend and praise the Y. M. C. A. too much for the magnificent work they performed for the prisoners of war and we hold that it was largely through their efforts that the officers of the A. A. F. prisoners of war returned to the United States in such fine mental and physical condition."

Besides Col. Gabreski, the nine officers who signed the letter of commendation sent to General Arnold included Brigadier General Arthur W. Vanaman, Col. A. Y. Smith, Col. Charles G. Goodrich, Col. Daniel W. Jenkins, Col. Ennar A. Mahstrom, Col. Darr H. Alkins, Col. Delmar T. Spivey and Col. Jean R. Byerly.

General Secretary Ralph Wagner, of the local Y. M. C. A., adds that of the Warren and Warren County service men who have been prisoners of war, several have made a point of coming to the "Y" to tell of their satisfactory experiences with the Y. M. C. A. while they were POWs. The local men have had nothing but praise for the work of War Prisoners' Aid, from which they greatly benefited while in prison camps. Such testimony is highly gratifying, not only to local "Y" officers but to the many who have contributed to this fine work through the War Fund.

News Of The World As Seen In Pictures And Maps

Plane 'Machine Guns' Shoot Seeds Into Ground

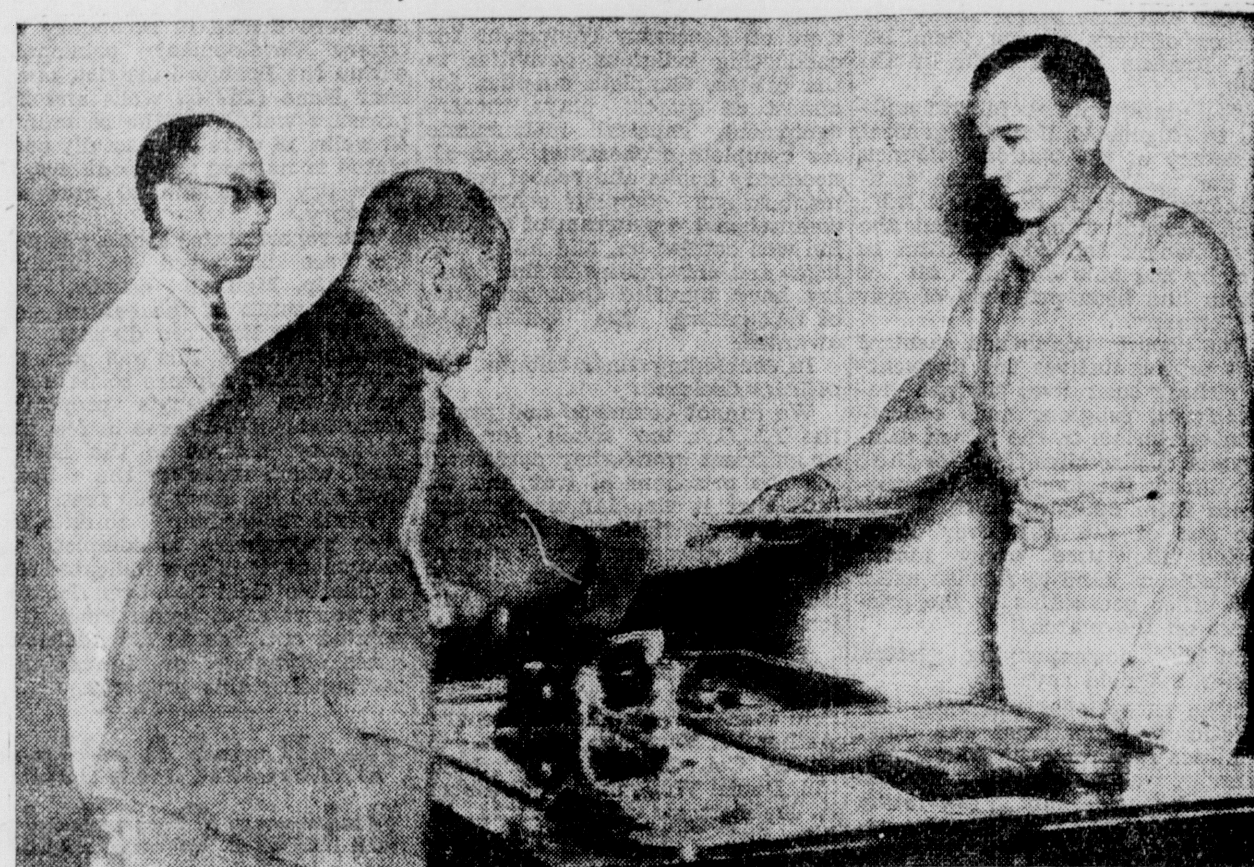

The airplane will make easy one of the most arduous of farm jobs—that of planting crops, according to Dr. Lytle S. Adams, Los Angeles inventor of the airmail pickup system and designer of the airplane planter shown in diagrams above. Under this plan, seed is first made into pellets with fine clay mixed with fertilizer and insect and rodent repellent. These seed "pills" would be fed by gravity from a bin in the fuselage into a rapidly rotating rimless wheel whose spokes are hollow tubes. Weight of the pellets and speed of the wheel would imbue the seed in the soil at depths satisfactory for germination, says Dr. Adams, who claims that as many as 14,545 acres could be sowed per hour. The device also can be adjusted for row planting. The aero-sower is reported especially useful in sowing fields to sugar beets, fodder turnips, alfalfa and other pasture grasses and other products requiring no cultivation. The essential features of the system are shown on the diagrams above, based on data prepared by Air Trails Pictorial Magazine.

Seeds of China Revolt

Threat of civil war in China is in the immediate offing if Generalissimo Chiang Kai-shek and Communist Commander Gen. Chu Teh can't iron out their difficulties. Reported coming out of the Soviet-Chungking treaty signed in Moscow are the numbered provisions shown on above map; Chinese Communists' activities and demands are also indicated.

Chief of Jap Surrender Group Presents Credentials

Lt.-Gen. Torashiro Kawabe, vice chief of the Japanese imperial staff and head of the enemy's surrender delegation to Manila, presents his credentials, above, from Emperor Hirohito, to Lt.-Gen. Richard K. Sutherland, chief of staff to Gen. Douglas MacArthur. The Jap delegation has returned to Tokyo to await landings by American occupation forces.

New Insecticide Used in War Against Polio

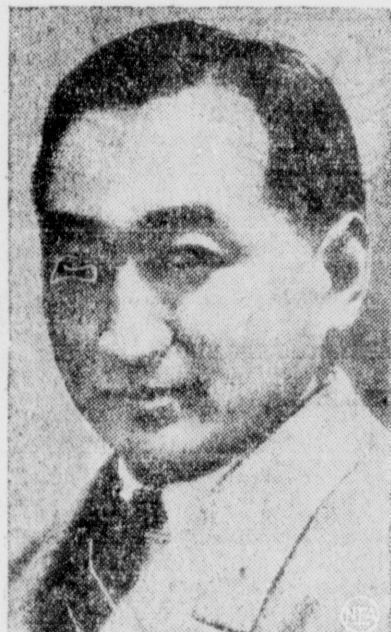

A B-25 bomber from Wright Field, Ohio, sprays the powerful war-developed insecticide known as DDT, above, in Rockford, Ill., where 148 infantile paralysis cases have been reported since July 1. Scientists used 1050 gallons of the spray in an effort to destroy flies and other insects which are believed carriers of the disease.

Peace Brings Miracle!

End of the war brought a snap in the face to Chief Boatwain's Mate A. G. Aitkens, New Orleans, from Radioman 3/c Frank J. Leon, Union City, N. J. 'Twas all in fun, of course, but it was supposed to symbolize the suppressed desire of all Coast Guard underlings to tell the boss off. Scene was aboard a Coast Guard LST boat at sea.

Wealth Doomed

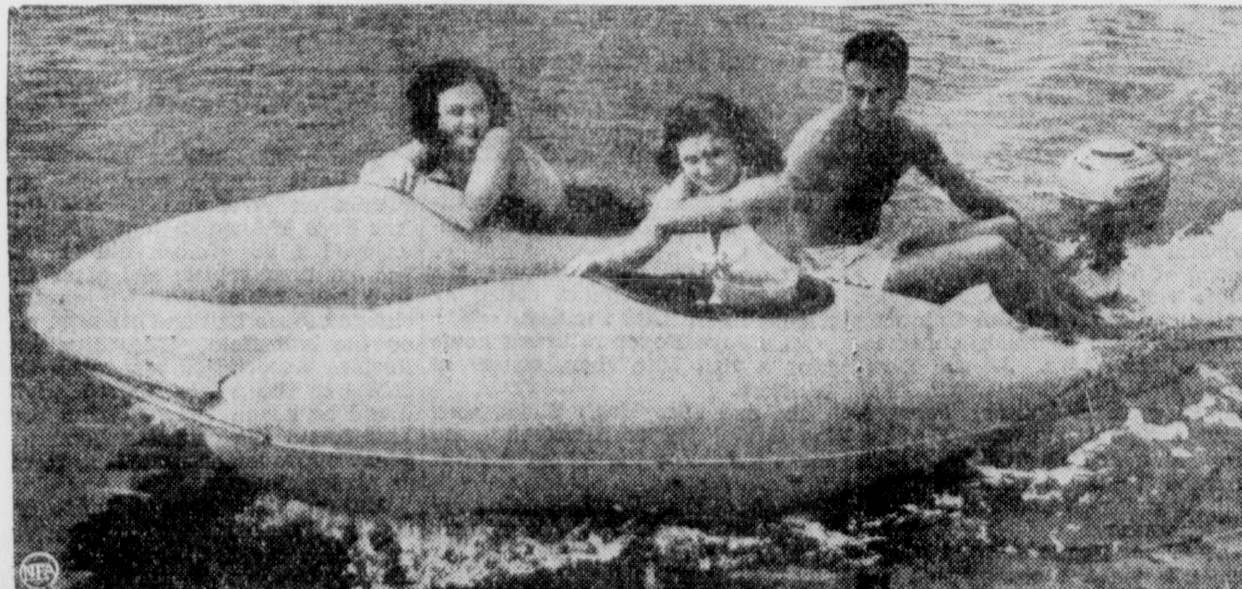

Along with the "war lords," the doom of industrial and financial "emperors" of Japan appears certain. Most important of the four controlling families is the Mitsui group, which holds a large part of the cotton, cement, mining, coal-shipping and electro-chemicals businesses. Baron Takasume Mitsui, above, son of retired millionaire Baron Hachirō Mitsui, is head of family affairs.

Captured Jap Briefs Yank Pilots

Captured after an animal-like existence in the Philippines, Jap Second Lt. Minoru Wada becomes perhaps the first enemy officer in the Pacific to brief American pilots for a strike against his own command. He points in Marine Corps photo above to site of long-sought headquarters of Jap 100th Army Division. Grouped with him, left to right, are Lt.-Col. W. T. Scott, Col. Stanley E. Ridderhoff and an interpreter.

Rollicking Reconversion

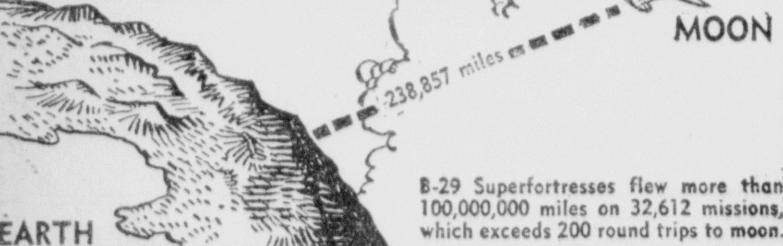

Youngsters skim over water at Wrightsville Beach, N.C., in converted airplane belly tanks propelled by outboard motor.

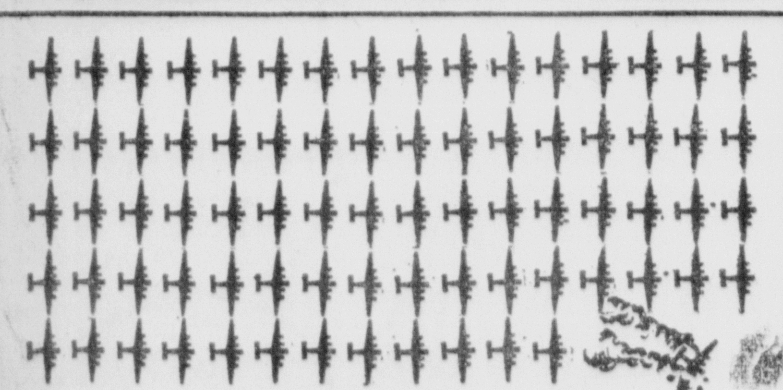

COAL RUNS 2 OUT OF 3 ELECTRIC APPLIANCES

AMOUNT OF COAL REQUIRED TO PRODUCE ENOUGH ELECTRICITY TO RUN FOR ONE YEAR

ELECTRIC CLOCK	25 LBS.	112,500 TONS
ELECTRIC TOASTER	45 LBS.	1,890,000 TONS
ELECTRIC RANGE	1650 LBS.	1,485,000 TONS

WHY B-29 SUPERFORT MEN ARE PROUD OF THEIR RECORD

The "Big Bs" dropped 169,421 tons of bombs during their 14 months of war operations. This is almost total weight of four 45,000-ton battleships. The bombs destroyed productive capacity of 59 cities.

Wherezit?

Map above shows location of Ile St. Marguerite, off Cannes, France, where Henri Philippe Petain, former French marshal, is expected to spend his life imprisonment sentence for treason.

SUPERFORTS ALSO:

The almost incredible performances of B-29's during the closing 11 months of the war are illustrated by the sketches above. They flew the equivalent distance of more than 200 round trips to the moon, dropped bombs almost equal in weight to four modern battleships, completed an average of 76 sorties for each Superfortress lost, planted 12,049 mines and did tremendous damage to enemy industry and aircraft.

Coming to U. S.

General Alphonse-Pierre Juin, above, who commanded the French expeditionary force in Italy, will accompany General Charles De Gaulle when the French chief visits President Truman at Washington.

Wake Hero Alive

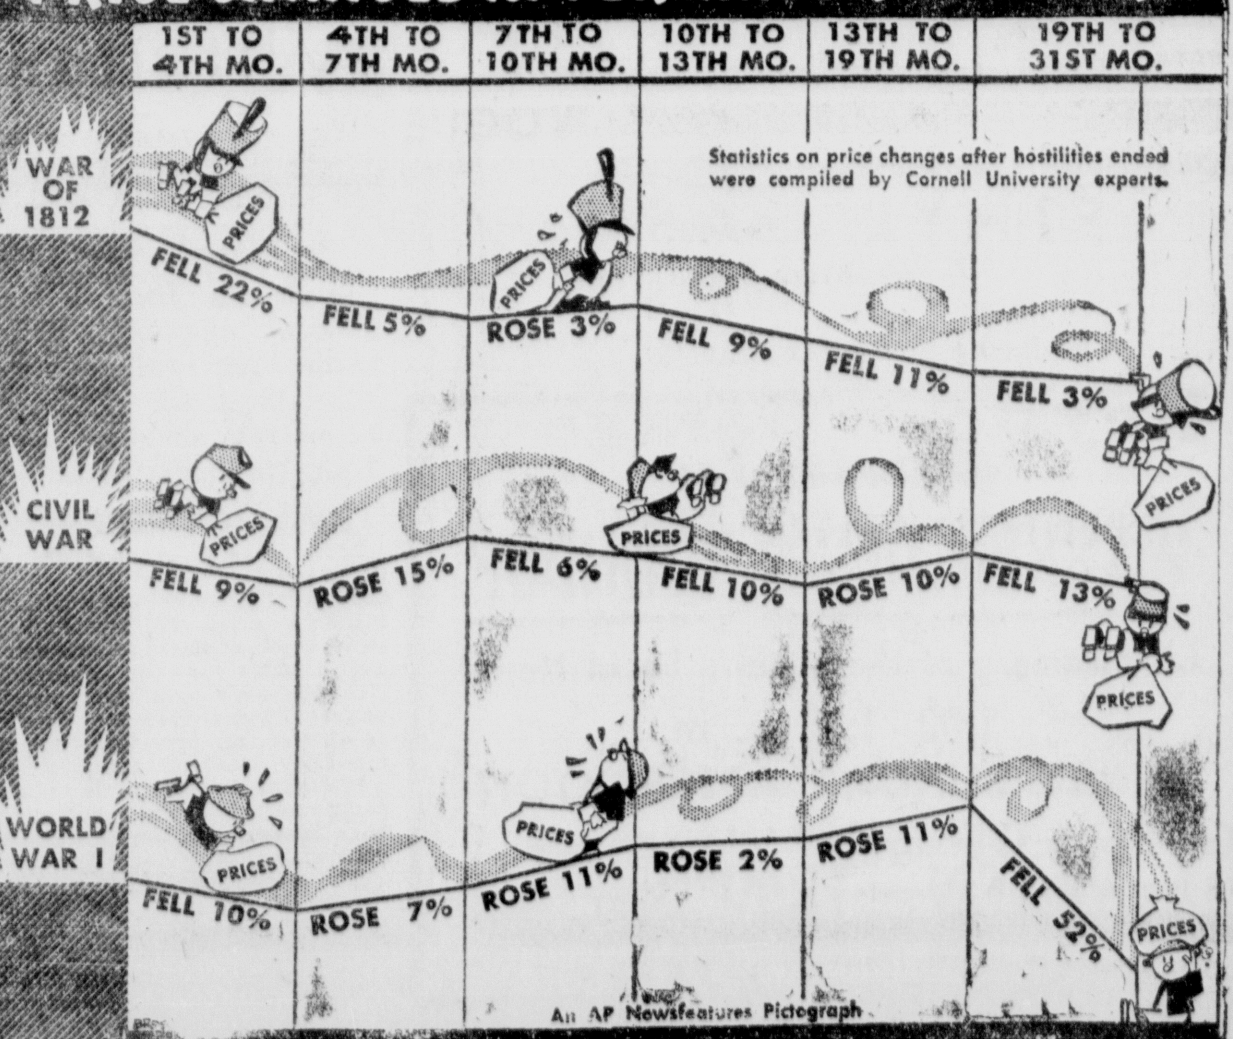

Marine Lt.-Col. James P. Devoreux, above, hero of the U. S. defense of Wake Island, has been found alive in a Japanese prison camp near Peiping, China. He led the heroic stand of 378 Marines on the tiny island against overpowering Jap forces in 1942.

Helps Reconvert

Lt.-Gen. Levin H. Campbell, Jr., above, chief of Army Ordnance, is assistant to Reconversion Chief John W. Snyder in the nation's effort to speed industry's return to civilian production. General Campbell was assigned by Chief of Staff Gen. George Marshall at Mr. Snyder's "urgent request."

PRICE CHANGES AFTER MAJOR U.S. WARS

Over Million Ball Bats Used In War Made in This County

Yankee boys in the American forces in the World War played baseball. And in doing so they used plenty of good ash trees that were cut in this county. Gordon Norton, of Tidoute, has been cutting ash trees, sawing them into blanks from which bats were turned and shipping them to Louisville, Ky. Mr. Norton has shipped during the past two years one solid carload a week of the bat blanks ready for turning. In each carload there were an average of 13,000 blanks to be turned into Louisville. Sugars for the armed forces. With 104 carloads shipped, there were 1,350,000 blanks for bats which should have provided a lot of baseball for the boys of the army and navy. The Norton firm has been shipping ash blanks to Louisville for many years and have a crew of men cruising through the woods of the county selecting ash trees suitable for cutting into blanks. These are cut, trucked to Tidoute and sawed up after being properly seasoned. Not only is the Norton outfit at Tidoute sending out bats but at Kinzua the Sheldon handle factory is turning out bats. Some of these are now displayed in the window of the Pickett Hardware store in the city now. They are made of finely seasoned wood and well balanced and finished. They are finding a ready sale and already a number of big league players have given them their OK as a good piece of baseball equipment.

Australia has about 28,999 miles of railways.

FIRE PREVENTION WEEK
Washington, Aug. 24—(AP)—President Truman yesterday proclaimed the seven days beginning October 7 as Fire Prevention Week.

Declaring the needless waste of lives and property in preventable fires has attained "increasingly grave proportions," he asked every citizen to assume a personal responsibility to take all possible precautions to prevent fires.

BARNES

Barnes, Aug. 20—Mrs. Anna Chandler has been on the sick list during the past week, but is much improved at this writing.

Mr. and Mrs. David Piper and Mr. and Mrs. Harry Albert and Mrs. Emma Green and children of New Castle were guests at the home of Mrs. Mary Harley last Wednesday and Thursday.

Mr. and Mrs. Walter Hoyer have received word that their son, Lt. Bertrand E. Hoyer, is now stationed at Camp San Luis Obispo, California.

Miss Carrie Belle Conquer, who recently finished her course at the Ora Jean Beauty Academy in Erie, is now employed at the Read Beauty Studio in Warren and commutes back and forth.

Ralph Donaldson, son of Mr. and Mrs. Fred Donaldson, has received a medical discharge from the U. S. Army and arrived home Thursday evening. He had recently been receiving treatment at the Gen. D. Baker Hospital in West Virginia.

Mr. and Mrs. Fred Pittcock, Robert and Richard Pittcock, of Kane, and the Misses Beatrice and Alice Pittcock, of Pittsburgh, were guests at the home of Mr. and Mrs. Harold Stover and Mr. and Mrs. Jack Pittcock.

Mrs. Louise Morgan, of Marienville, will spend Wednesday as the guest of Mrs. Jack Pittcock.

Miss Marjorie Hoyer is spending several days of this week visiting friends in Youngsville.

Mr. and Mrs. Harry Shaw were dinner guests at the home of Mr. and Mrs. Will Duck, in Kane, Sunday.

Miss Mary Mercer Cook, of Washington, D. C.; Mrs. Hugh Green and daughter, Marcia, and Mr. and Mrs. Walter Harwood, of

Alexandria Va., left for their homes Friday morning, after visiting at the home of their parents. Mr. and Mrs. B. S. Cook Mr. and Mrs. Leon Roberts and children, Bruce and Beverly, who had been visiting at the Cook residence, returned to their home in Erie Sunday evening.

Mrs. Durward Clark, who is employed at the Hamot Hospital in Erie, spent the weekend at the home of her mother, Mrs. F. J. Titus.

Mr. and Mrs. Spencer Conklin, of Warren, were guests at the home of her parents, Mr. and Mrs. Ed Rudolph, Thursday. Accompanying Mr. and Mrs. Rudolph, they had a motor trip to Brookville.

Mr. and Mrs. Alva Amsler, of Clarendon Heights, and children were guests at the home of Mr. and Mrs. Frank Rudolph, Sunday.

Sgt. Delbert Silvius, who has recently received his honorable discharge from the U. S. Army, after nearly three years of overseas service in the European theatre, and his wife and baby daughter, Milady Ann, of Meadville, are the guests this week at the home of his parents, Mr. and Mrs. John Silvius.

Other guests at the Silvius home Sunday were Mr. and Mrs. Wayne Gage and children, of Meadville; Mr. and Mrs. Ted Shepard and children, of Oil City; Sgt. Lawrence Silvius, on furlough from the South Pacific; Mr. and Mrs. W. R. Silvius and family and Mr. and Mrs. Robert Clover and children, of Blue Jay.

His friends in town will be interested to know that Lloyd Bloomgren has received his honorable discharge from the U. S. Marines and is now with his wife in Wilcox. He has been stationed in the Hawaiian Islands for many months.

Everybody reads the Times-Mirror.

Methodist Leader Speaks on Sunday

The Rev. Otto H. Houser, D. D., summering at Chautauqua, will be the guest preacher at the First Methodist service at 11 a. m. Sunday. Dr. Houser is a graduate of Allegheny College and Boston School of Theology and spent some time in the Philippines as a missionary.

His most recent pastorate was located in Colorado, where he had a full-time staff of five assistants. He has been appointed by the Methodist board of missions to return to the Philippines to take over the work of reconstruction for the church and is expected to sail in the very near future.

Miss Virginia Davis will sing Handel's "Thanks Be to Thee" and Miss Evelyn Wolstencroft will play the organ numbers.

The church school will convene at the usual 10 a. m. hour.

Church Notes

Rev. P. Elmer Landerdahl, pastor of Bethlehem Congregational church, will be the speaker for the Sunday evening community worship in Beatty school auditorium. He has chosen for his topic "The Rich Ruler". Members of his choir will sing for this 7:30 o'clock service and the Salvation Army Band will play a sacred concert beginning at 7:15.

"An Example of Deepest Gratitude" is the subject chosen by Rev. J. C. Wygant for his Sunday morning sermon in First Evangelical church.

Speaker at Sunday morning worship services in Moriah Lutheran church at Ludlow and at Bethany Lutheran parish in Sheffield will again be Rev. Robert Olson, of Pittsburgh.

Reporting on special events in his several Lutheran parishes, Rev. Earl W. Carlson indicates a meeting of Saron Ladies' Aid at the Youngsville church at two o'clock Thursday afternoon; Berea WMS at the home of Mrs. Urno Gustafson, Freehold, on Tuesday, and the confirmation reunion at the Chancellors Valley church at 2:30 p. m. Sunday. On Friday next week, the Valley Martha-Dorcas Society will have a meeting at the Home for the Aged in Jamestown.

"God's Program for Reconversion" will be the sermon theme at Grace Methodist church Sunday morning. Miss Eleanor Swanson, the guest organist, will play "Prelude and Fugue in B Flat" by Bach, "Cantilene in B Flat" by Hosmer and "Postlude in D" by Scarlatti. Mrs. Olive Nienan and Mrs. C. G. Lindquist will sing "The Lord Is My Shepherd," by Smart.

The last in the series of community services being held by the three Glade churches will take place at 7:30 o'clock Sunday evening at Epworth Methodist church. Guest speaker will be the Rev. Paul A. Aert, who has resigned his pastorate in Brooklyn, N. Y., and is awaiting reappointment by the Pittsburgh Conference when it holds its annual sessions in Franklin the first week in September. For the present, he is vacationing with his father and sisters on Dobson avenue.

"A Soul Under Our Shoulders" is the topic chosen by Rev. S. R. Schieb for his Sunday morning sermon in the Salem Evangelical church. Soloist will be the Rev. Paul Aekert, with his sister, Ruth, at the piano.

When William Penn created the first prison system in Pennsylvania in 1682, he stipulated that "all prisons shall be work-houses."

Hollywood Gossip
By BOB THOMAS

HOLLYWOOD—Although she is a neighbor and close friend of Frank Sinatra, Martha O'Driscoll has a habit of disagreeing with the Voice.

It started when they first met. It was while Sinatra was singing in New York, and one of his agents asked Martha how she liked the King of Swoon.

"He has a nice voice," she said, "but it's not the kind I like."

The agent was aghast and called another agent. They tried to convince her she should like Sinatra's singing. Finally they called on Frank himself.

"Don't you like my singing?" he asked.

"It's all right," said Martha, now very embarrassed. "It's just that I like Crosby much better."

"I don't blame you," remarked Frankie.

When I met Martha on the "Shady Lady" set, she was again disagreeing with the New Jersey Caruso. It concerned his remarks, upon returning from a seven-week tour overseas, that entertainment for servicemen is badly managed and most USO shows are of poor quality.

MARTHA is qualified to speak on the subject, having made two extended USO tours. She went with Errol Flynn to the Aleutians and took a troupe of her own to the South Pacific.

"I think Frank is exaggerating a bit," she said. "Naturally there will be some inefficiency in a large organization which springs up so fast. The USO is just like the Army. Both were created in a hurry and both have made mistakes because of their very size."

Martha suggested that Sinatra might have seen only the bad side of things on the testimony of chronic complainers.

"You can't please everybody," she said, "and some people are pretty hard to please. When I was in the South Pacific I heard people complaining about the Hope and Benny shows—and those were very good shows. But some of them would be because an entertainer wasn't dressed well or had a headache."

... .

"AND sometimes the audiences can be pretty picky. When I was in New Caledonia, there were five or six shows there and the performers had to be pretty darn good to get any kind of applause."

"Also there has been some complaining about the routes that the performers take. When we leave the States, we are sworn into the War Department, and six hours out we open an envelope and find out where we are going. We have no control over where we go."

Rules Are Made Regulating Sending of Mail to Prisoners

Report has been made to the Department that mail for prisoners of war held by the Japanese is being mailed in some instances with two Jima stamps affixed.

While no information on the subject has been received from the Japanese, attention is called to the instructions published in the Postal Bulletin of January 25, 1944, concerning the action taken by Germany in connection with mail addressed to American prisoners of war held in certain prison camps under German control which bore endorsements or slogans intended to promote our war effort, that is, such mail was condemned without the addressee prisoners being advised.

Accordingly, to prevent cause for similar action by the Japanese, mail for American or other Allied prisoners of war interned by the Japanese which bears two Jima stamps or stamps having patriotic themes as "Win the War," "For Defense," and the like, or endorsements such as "For Victory," "Win the War," and others of like character including post office cancellations reading "Buy U. S. Savings Bonds Ask your Postmaster," "Buy War Savings Stamps and Bonds," will be returned to the senders.

Postmasters, Division Superintendents of the Railway Mail Service, and post office inspectors in charge will see that the instructions herein contained are brought to the attention of every employee under their supervision. Postmasters will give the widest possible publicity to the same without expense to the Department. Whenever known, the relatives and friends of prisoners held by the Japanese will be orally advised, by postmasters or their representatives, of the instructions and the reasons which require the action taken by the Post Office Department.

The term "representative" may include clerks and carriers, and the term "prisoners of war" includes interned civilians.

To prevent mail for prisoners of war held by the Japanese from bearing objectionable post office cancellations, letters properly enveloped and sealed and postal cards addressed to prisoners of war for whom intended shall be placed by the sender in an outer unsealed envelope (which will require no postage) addressed "Postmaster—Prisoner of War Mail," or with words of similar import, and placed in the mails. The letter will be removed from the outer envelope by post office employees and forwarded without postmarking. The letter or card will then be dispatched to New York, N. Y., for censorship treatment. Letters and cards may be handed to clerks at service windows in post offices, branches, or stations without the outer unsealed envelope and when so received they will likewise be forwarded without postmarking to New York, N. Y., for censorship treatment.

NOTICE

All persons employed by Sylvania as of August 14th are urged to attend the Sylvania SEA Picnic at Celoron on Sunday, August 26th. 8-22-3t.

Everybody reads the Times-Mirror.

NOTICE

Sealed bids will be received by the Town Council of the Borough of Warren, Pennsylvania, at the Municipal Building, Warren, Pennsylvania, until seven-thirty o'clock P. M., W. S. T., Monday, September 3, 1945, at which time and place said sealed bids will be publicly opened and read, for the furnishing of the materials, and labor, and constructing a one-story addition to the east end of the present Airport Hangar, located on the Warren Borough premises known as the Warren Borough Airport, approximately forty feet (40') in width by approximately sixty-six feet (66') in length; the walls to be approximately twelve feet (12') in height above the floor and on foundations already in place; and to be constructed of cinder block and brick; fully guaranteed roof on steel trusses, and including wiring, lighting, heating, plumbing, etc., in accordance with the plans and specifications prepared by the Borough Engineer and now on file with the Borough Secretary in said Municipal Building.

Each bid must be accompanied by a certified check of the bidder in the amount of not less than ten per cent (10%) of the amount of the bid, drawn in favor of the Borough of Warren. The amount of said check is the measure of liquidated damages which will be sustained by the Borough by failure of the bidder to execute the proper agreement and bonds within five (5) days following award of contract.

The New Construction and New Projects Committee, the Airport Committee and the Borough Council reserve the right to reject any and all bids.

M. L. DOUGHERTY,
Borough Secretary,

Forgers Use Three Hurlers In 8 to 7 Win Over Franklin; Frewsburg Here Next Sunday

A wild pitch and a double error at night by Franklin enabled the National Forge to cop an 8-7 victory in the last half of the ninth inning after the Franklin youngsters had tied everything at 7-7 in the top half of the final frame with a three-run barrage of three local hurlers.

Morrison went to first on an error by second baseman Reed as

ACCUSED

I've been accused of being a "Yes Man" . . . and come to think of it—I am! That is, I like to say "Yes" when people ask for a loan. Which is only logical, after all, for the more times I say "Yes" the more loans I make. And since making Personal Loans is my full-time business, that's mighty important to me.

*Usually I can say "Yes" in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why Personal is so often able to make loans that others cannot.

*Of course—once in a while I can't find a way. That's natural. When that happens, I personally sit down with the customer in a private office and discuss the situation frankly, on a common sense basis.

Like most people, I don't believe in unnecessary borrowing . . . but when a loan is needed or to your advantage, I'll be glad to say "Yes". Anytime you need extra cash—see me, won't you? Right now, for instance. See me at Personal Finance Co., 216 Liberty St., second floor, over Lester Shoe Store. Phone 285.

That Feller's Back

(NEA Telephone)
Chief Specialist Bob Feller, scheduled to pitch Friday in Cleveland against the league-leading Detroit Tigers after nearly four years of Navy duty, is shown passing the guard at Naval Demobilization Center, Navy Pier, Chicago, after being placed in reserve. He is accompanied by Gunner's Mate 1/c Roy Alcorn, Jr., of Blue Ash, O., first man discharged under the Navy's new point system.

Ex-Tar Feller Faces Tigers In First Tilt Since 1941; Nats Idle, One Game Behind Leader

By JACK HAND
Associated Press Sports Writer
Bobby Feller returns to the baseball wars tonight after a four-year hitch in Uncle Sam's navy and the odds are all in favor of his picking up where he left off in 1941.

Rapid Robert may not be as razor sharp against the league-leading Detroit Tigers under the Cleveland arcs as he was when he won 25 for the Tribe in his last full season, but he has been managing and throwing for a top flight Great Lakes navy team this season.

Ferris is the outstanding example of a successful ex-GI with his brilliant 19-6 win record for the Boston Red Sox although he was just a minor league performer before Pearl Harbor. Ruffing has topped four of five for the Yankees and Benton's 11-4 performance is a big reason for the Tigers' success.

Lewis is hitting .342, including 13 extra base blows, for a Washington club that has become a definite flag threat since his return from the army air force. Greenberg, after a faltering start, has leveled off at .324, with 15 doubles and 7 homers to top the Detroit hitters.

Jim Tobin assured Feller of a first place target to shoot at when he hurled the Bengals to a 4-3 verdict over Philadelphia yesterday, upping their margin over idle Washington to one full game.

Brooklyn stayed off New York's "nothin' ball" for eight hits including two doubles, 10 blows off Don Black enabled Detroit to close a 21-game home stand with its 14th decision over the eastern invaders.

All other clubs in the American League were idle yesterday. Brooklyn stayed off New York's "nothin' ball" for eight hits including two doubles, 10 blows off Don Black enabled Detroit to close a 21-game home stand with its 14th decision over the eastern invaders.

Pittsburgh handed Cincinnati its sixth straight setback and its 19th in the last 21 starts, with Walter Beck scattering nine safeties for a 6-2 edge.

All other National League teams were unscheduled.

Fall River, Mass.—Steve Kronis, 131, Boston, outpointed Johnny Jones, 135, Worcester, 10, Norman Pineault, 135, Newport, R. I., TKO Frank Perry, 136, Newport, 1.

Brooklyn—Artie Levine-Ray Rovelli card postponed to tonight.

Behind the Lines

By JAM
A Strip Tease in reverse was enacted by the Erie Coaches Association last year to impress upon the minds of Gus Fan the heavy cost of outfitting a football player. After donning a complete uniform, and adding the sum expended for each item the amount registered in the neighborhood of seventy-five dollars.

Using the above figure, a simple step in multiplication will enable you to ascertain the enormous outlay of money required to dress J. B. Leidig's squad of gridiron aspirants numbering one hundred and sixty. Assuming that each candidate is completely fitted—approximately \$12,000 in football gear must be available. Staggering eh? And a lot of fans wonder where all the money taken in at the gate goes . . .

Down at Titusville the Lions Club is sponsoring a benefit booster day baseball program all proceeds to be turned over to the high school to purchase football equipment. The Rockets are certainly fortunate in having a live-wire organization such as the Lions behind the project. Tickets, by the way, are selling for one dollar and according to reports the sale is exceeding the expectations of all concerned. Wonder why some service club couldn't emulate the Titusville Lions? . . .

Many fans are wondering what happened to the Forge-Indie series—particularly after the "kids" battled the supposedly superior Forgers to a thrilling 5-5 tie in their last outing. Someday the entangling circumstances, varied and confusing as they are, will be brought to light. Until then the baseball public in Warren and surrounding areas will have to remain in the dark. It's too late this year to resume the rivalry but wouldn't another clash between the two nines with sixteen year old "Lefty" Lopez opposing the veteran "Dazzler" Hines have packed them in.

Trivia—"Sugar" Robinson wants \$50,000—not a cent more or less—to box Charley Burley in Pittsburgh. That's a lot of folding money in any business. . . . Bob Feller's arrival in the Indian wigwam may be too late to do any good what with the Senator's scolding Boudreaux's charges in six out of seven of his series. . . . Bob Garbar, batterymate of Dave "Boo" Ferris, sensational Boston pitcher, is the athletic director at Agnew College. . . . He also finds time to officiate basketball games. He has worked several of the Dragon court engagements and has done a neat job. Kirby Farrell, first sacker for the Chicago White Sox Beatty a year ago last season. . . . About ten years ago Harry Christensen got the thrill of his lifetime when he twirled a no hit no run game against the strong Phillips Fruit team in Erie. . . . For recalling spine-tingling mushball episodes "Chink" Bonavita has no peer. . . . Wonder if Harry Woodard and Paul Coppola are going to aid Haddenberger in running the Penn Allegheny this season? . . . No doubt "Electric Eye" Annie Ellis will assume her lofty perch overlooking the foul lines. . . . Seeing loosening their bowling arms recently were "Red" Walsh, Sam Cosmano, Barney Malone and Rose Juliano. . . . Wonder if there were casualties at the Elk's picnic yesterday afternoon? . . . Joe Gardner, general North Warren sport, gets this column thanks for the use of the baseball suits during the past season. Without Gardner's co-operation, the Indies could not have launched their team. . . . Myron Jewell, Art Johnson, Mike Bleach and Paul Harrington, along with Harry Swanson, are members of the Grace wicketed game who used to play a Father Time brushed then along the wayside. . . . Craig Bennett won another game in the FONY league the other day. Rushed to the mound in the third inning to relieve a faltering team-mate, Craig stopped the Erie Sailors cold during the 7th inning relief chore. . . . "Rabbit" Swanson hasn't lost his interest in youths aspiring to learn the diamond game—he's already making plans for next season. . . . Anyone remember when "Pop" Reilly used to cage them in the old Industrial League that held forth in the Armory? . . . "Red" Wollaston's dad used to be quite

a diamond star in his younger days. Ed would do well to follow his father's advice. . . . "Tim" Creal, one of the top notch golfers in this area used to play quite a game of football, he also was a track star during his high school days. . . . George Senger used to toot a mean whistle in days gone by. . . . Wonder what's happened to "Beechnut" Minter, one of the classic infielders the town has ever produced. . . . For powerful throwing arms one must go back a few years to the days when Bob Ritchie used to "sing" them in from left field with uncanny speed and accuracy. . . . It's been fun writing this—hope you have enjoyed reading it.

Joe Gardner has issued a last reminder to his Old-Timers for their Sunday encounter with the Jamestown Old-Timers at Jamestown's Municipal Stadium, game time at three o'clock.

Last Sunday's Celoron schedule having been postponed, the local boys return to revenge their defeat at the State Hospital. Sunday's game is also a benefit game.

The same lineups will be used Sunday as were in the first game, with a larger array of Jamestown's present.

Indies at Mt. Jewett Sunday
The Warren Independents travel to Mt. Jewett Sunday afternoon for a return game with that club. The Indies defeated the Jewetts 16-1 early in the season. Bob Schussler will probably start Sunday's contest.

PENNEY'S

a bell ringer . . . for school days!

FINGERTIP COATS GO TO SCHOOL

Sizes 4-10 9.82

Sizes 10-20 14.75

Ready for lots of wear! Knitted fleece coats with soft quilted rayon linings. Neat fly front with convertible collars. Two roomy pockets. Railroad stitching around the hems!

Pfe. Alfred Loomis has arrived from Waycross, Ga., to spend 12 days with his parents, Mr. and Mrs. Charles Loomis, after which he will report to Brewfield, Fla.

The C. O. Circle enjoyed a picnic meeting at the home of Mrs. Mabel Dallas Thursday evening. The first part of the evening was spent with a scavenger hunt with Mrs. Gerald Miller and Mrs. Hosea Gourley as leaders, with the former team receiving first place, after which a picnic supper was served. The next meeting will be held at the home of Mrs. Harold Barnes.

Mrs. Finley Burch of Westfield, N. Y., has been spending several days as a guest of her sister, Mrs. Mabel Dallas.

Mr. and Mrs. Dan Haggerty and Mr. and Mrs. Scott Stuart, Sr., have returned from spending the past nine days at Connelly Park on Lake Chautauque.

Mr. and Mrs. F. A. Schoonover spent a few days at Midland, Canada.

Work began Monday morning excavating for the new building being erected by Albert Hartman on the lot adjoining John Abbott's store. The new building will be used for a restaurant and soda fountain.

Sunday guests of Mr. and Mrs. Scott Stuart, Jr., were Mr. and Mrs. C. L. Ekdahl, Willard Ekdahl and son, Earl, of Chautauque Valley; Mr. and Mrs. Walter Strong of Warren, and Penny Anderson of Youngsville.

The mushball battle between the defending St. Joseph's ten and the Grace Methodists to decide the YMCA-Church city league champion has been delayed, but all reports indicate that the first in the best-of-three series will be played Monday night.

Site of Monday's game has not been decided upon, but Beaty Field is the likely spot for the opening contest.

NOTICE
Farmington Township School Board will receive bids for a 54 passenger School Bus meeting required specifications to be in the hands of the directors on or before Aug. 31, 1945. The board reserves the right to reject any or all bids.

ELECTRONICS AGE OFFERS HANDY, BUT EXPENSIVE HOME GADGETS

By S. BURTON MEATH
NEA Staff Writer

New York, Aug. 24 — Just around the corner is the age of electronics. It won't be long now until that marvel of electrical science which has contributed so heavily to defeating Nazis and Japs can be turned toward your home.

You have heard much about what electronics can do for you. You may have built up high hopes. This seems to be the ideal time for a word of warning. It is this:

Electronics can do things so wonderful that electronically-controlled gadgets seem to possess human brains. Electronics could make your home so comfortable, your home-work so easy, that the maid problem would disappear.

But unless you are wealthy you probably won't have that sort of electronically-operated home within your lifetime. Your children may see it come to pass.

On a stunt basis there seems to be almost nothing that electronics can not do. The electric eye, opening a door or turning on a water fountain; the electric ear, opening a garage door when your horn (or one of the same frequency) is sounded; radar. These are familiar applications already.

Popular science writers have evoked the picture of a housewife busy in her kitchen. The doorbell rings. She looks up at a screen to see whether it is the neighbor coming with a cup to borrow sugar, the insurance man coming to collect premiums, a white-bearded youth selling magazines to pay his way through college—and there'll be such even in the post-war world—or a tramp who, having discovered there is no woodpile and the lawn already has been mowed, is asking for the chance to earn a crust of bread and a glass of water.

If it's a friend, Milady turns on her own television so that the caller can see her, and tells her to open the door and come in. If it's an undesired caller she just keeps quiet or, if he is too persistent, tells him to go away.

There's nothing impossible, or even difficult, about such a set-up, but you won't have one right away. To do so would require installation in your home, among other things, of a small television broadcasting station. And that would cost a few thousand dollars and would take up quite some space.

It is possible to cook a pound of roast in two seconds. It is possible to have an electric eye turn on the lights when you enter a room and turn it off when you leave. It is

Practical application of electronic is this automatic dishwasher. Experimental model operated by Gale Idle, Westinghouse engineer, is forerunner of a new device in which the housewife will place dishes, glassware and silver, and then simply press a button. The machine then sprays dishes, washes them, rinses them twice, cleans and dries itself automatically, and then shuts off.

possible, every time you light a match for a cigarette, to have an electric eye start a fan to blow out the match for you.

Several experts agree that, though it would be tricky, it is possible to devise an electronic setup so that when Daddy comes home from the 6:14 and enters his automatically-opening front door, loud speakers would announce softly in every room in the house: "Hi Mother—here I am. Hot, tired and hungry. Where are my slippers? How about a drink? What's for dinner?"

Almost—if price and practicality were no object—you could make up your own stunt, place an order, and have electronic devices evolved to work your Arabian Nights will.

The end of the war finds you already living in an electronic home, if you only knew it. Every electric light bulb is an electronic tube. Your radio is an electronic device. So is your sun-tan lamp, your home movie projector. After the war all of these will be better than ever.

But those stunt gadgets? Forget them for years to come. To roast your prime ribs in two seconds would require a \$50,000 range that would be 13 feet long, five feet deep, seven and a half feet high, and would use 150,000 watts of current.

Remember

B. F. Goodrich Silvertowns are 3 YEARS AHEAD!

3 years before any other company, B. F. Goodrich sold tires containing synthetic rubber. Take advantage of this extra experience when you buy tires—buy B. F. Goodrich Silvertowns.

B. F. Goodrich

Waits for Pop

Paddy Devereux, 12-year-old son of Lt.-Col. James P. Devereux, heroic Marine commander of the Wake Island garrison, poses happily with his dog at the home of his grandparents at Lorton, Va., following news that his father was found alive in a Jap prison camp near Peiping, China. Paddy's mother died shortly after his father was taken prisoner.

The electric fan probably would blow out your match before your cigarette was lighted. Instead of staying on until you left the room, your lights might go out when somebody else entered. And so it goes.

Some day electronics—the vacuum tube—will work as great miracles in your home as already it has in war industry. But not today, not next week or next month. For now, be content with electric light, sun lamps, radio FM television, moving pictures and other of the blessings that really are—though you may not have realized it—practical utilization of electronics.

Large kangaroos in Australia have been timed at about 40 miles an hour.

Defies Chiang

Gen. Chu Teh, above, commander-in-chief of Chinese Communist forces, recently sharply warned by Generalissimo Chiang Kai-shek against independent action in accepting surrender of Jap troops, defied the Chungking leader by issuing surrender ultimatums to Jap forces in China's four northwestern provinces. From Yenan, Communist capital, a broadcast accused Chiang of fomenting civil war.

OUR VICTORY ★ AND ★ MANKIND'S

AGAIN the enemies of liberty have been beaten to their knees.

RIGHT will always triumph, for the will of people who cherish freedom is a mighty force.

EVERY member of the armed forces and every worker who helped to speed victory has the thanks of the world's peace-loving people for a job well done.

IT is the prayer of all of us that this will have been the last war to scourge the earth.

Lend-Leave Termination Irks Britain

(From Page One)
manner as to hamper a faithful ally who held the fort while their own American armaments were prepared."

Attlee said the "utmost restraint" should be practiced, both in the house and on the outside, in commenting on the situation, cautioning the members that words might be said which would hamper British negotiations. Churchill, now leader of the opposition, argued that a debate before the issues had been weighed properly "might easily be detrimental to our national interests."

Chinese Reds To Send A Delegate

Chungking, Aug. 24 (AP)—Official Communist sources here said today that Communist leader Mao Tse-Tung accepted Generalissimo Chiang Kai-Shek's invitation to send a representative to Chungking to discuss peaceful settlement of China's internal political problems.

These sources said Mao had named Gen. Chou En-Lai as his representative.

"For the sake of unity," Mao was quoted as saying, "I appoint Gen. Chou En-Lai to go to Chungking. Please accept him as my delegate and discuss matters with him."

The Communists had rejected a previous invitation from Chiang to send representatives from Yenan to Chungking to discuss their differences with the national government.

The Yenan leaders have been demanding, among other things, a full share in surrender negotiations with the Japanese and reportedly have disregarded Chiang's instructions to refrain from taking any independent action.

Radioactivity In Hiroshima Taking Mounting Death Toll

(From Page One)

"Those within three to four kilometers (about two miles) radius of the bomb received burns to the extent that their skin turned bright red, but as these burns were caused by ultra-violet rays they hardly felt the heat at that time. Two hours later, however, blisters formed, resulting in dropsy. "Although abundant medical supplies were rushed to the scene of the disaster and treatment was unsparingly given the victims, the death toll continued to grow daily. It is recalled following the atomic bomb raid on Hiroshima an American radio broadcast said Hiroshima had been turned into a place where all living creatures cannot exist for 75 years. It added that to send scientists to investigate the damage caused by the atomic bomb would be suicidal."

Sweater Girl Gives Philadelphia Thrill

Philadelphia, Aug. 24 (AP)—A "girl in a red sweater" gave police and pedestrians in downtown Philadelphia the jitters today.

The woman was discovered sitting on a 17th floor window sill of the Medical Tower Building, her feet dangling and her hands braced on the window sash.

Pedestrians, watching her shift uneasily, thought she was going to jump and called police. A crowd gathered in the street below. But as the police arrived, the woman swung back inside the window and disappeared.

Corridors and offices in the building were searched but no woman wearing a red sweater was found.

KELLETTVILLE

KeKlettville, Aug. 22—Mrs. R. Weller of Tidouste spent Wednesday with her parents, Mr. and Mrs. R. Ransom.

Mr. and Mrs. Wm. Harkless of Worthington spent Thursday at the Victor Nelson home.

Mr. and Mrs. A. W. Lightner, Bonnie, Gerald and Alice Wilson were "lonestars" visitors Thursday.

Mary Carr returned Saturday from a visit with friends in Pittsburgh.

Mr. and Mrs. W. J. Reedy and grand-daughter and Mr. and Mrs. J. Shaffer and daughter of Templeton spent several days at Templeton Camp.

Mr. and Mrs. P. W. Wilson and daughter Alice were East Hickory visitors Saturday.

Mr. and Mrs. W. E. Lightner, Bonnie and Gerald Wilson were Sheffield visitors Saturday.

Anna Mae Paul and friend of Warren called at the Wilson home Sunday.

Mrs. Carmen Care and children of Buffalo, N. Y., are visiting at the B. Care home.

Mr. and Mrs. Floyd Nelson and daughters of Titusville called at the Victor Nelson home Sunday.

Mr. and Mrs. Henry Rudolph of endeavor called Sunday evening at the Harry Rudolph home.

Mr. and Mrs. A. W. Lightner were Oil City visitors Saturday.

Mr. and Mrs. Howard Douch of Grove City called at the P. Wilson home Sunday.

Visitors at the Miller home during the week were Mr. and Mrs. Sherman Thomadsen of Detroit, Mich.; Martin L. Miller, McDonald, Ohio; Chris Miller of Curlsville, Mrs. Ross Wood Warren; Mrs. Howard Smith, Jamestown, N. Y.; Carole Wygant, Meadville; Mr. and Mrs. Paul Taylor and children, German Hill; P. W. Maxwell, Whig Hill; Mrs. Waid Rodgers and daughter Patty, Endeavor.

CORYDON

Corydon, Aug. 23—Mrs. Nelson Crooks was hostess Monday evening for a most enjoyable towel shower complimenting Miss Margaret Sears, of Akeley, who is to be married on August 24th. There were a large number present with Miss Sears receiving an attractive array of gifts. Lovely refreshments concluded the affair. Present from away were the Jefferson Sears family, Mrs. Suzanne Cable, Akeley; the Bernard Joys, Mrs. Mary Kerwin, Donna Kerwin, Miss Reed, Warren and others from away.

R. H. Duntley, one of the community's most substantial citizens was guest of honor at a family birthday dinner on August seven-

teenth when he observed his eightieth birthday anniversary. Mr. Duntley, despite his advanced years enjoys good health as well as taking active interest in all community affairs. Many of his friends called during the day and he received numerous gifts and many greeting cards. Harry Hook, of Ohio, was a caller from away. His daughter Mrs. J. F. Marsden, of New York, spending the past week with him and the Paul Duntleys left Monday evening for her home. The community joins in wishing Mr. Duntley more of these happy occasions.

Sergeant Kenneth Baker has arrived here from Langley Field, Va., to spend two weeks with his parents Mr. and Mrs. Frank Baker. Henry Gagin has left for Oil City after vacationing here the

past six weeks. Mrs. Grace Hale, of Lakewood, was a weekend guest of Mr. and Mrs. L. J. Leann. The Glenn Williams family of Little Valley and Mr. and Mrs. George Schobey and children, Great Valley, are among visitors of Mr. and Mrs. W. P. Williams. The Rev. and Mrs. John Tome, of Hanover, Maryland, accompanied by friends were here to visit a number of local relatives and he is a cousin to the late George Lundy Tome. J. B. Henderson has left for Pittsburgh, following a two weeks vacation with Corydon relatives and friends. Ed. Landers, spending some time at his home here, has returned to Cleveland where he has accepted a position. Mr. and Mrs. Leslie Pierce, Sala-

manca, spent the weekend with the James R. B. Caldwell. Sand Caldwell returned with them for a week's stay. Mrs. Gertrude Vickery and three daughters, Randolph, Mr. and Mrs. Joe Cole and son, Olean are among visitors of Mr. and Mrs. C. F. Cobbett. Mr. and Mrs. Lloyd Smith accompanied by Mrs. Pauline Cobbett are recent Bradford callers. Mrs. M. A. Russ has returned from Bradford hospital and is gaining satisfactorily. Mr. and Mrs. A. R. Bradley have returned to Akeley, following brief visit with local relatives. Jean Bennett has left for Endcott after spending 2 days at the home of Mrs. Carroll Crooks. Mrs. James W. Crooks has returned home following a week's stay at Chautauqua.
